In S. S. S. Nature has provided a tonic suited to every requirement of the system when in a debilitated run down condition. It contains no strong minerals or drugs, but is a pleasant vegetable preparation. You can find no better remedy for toning up the nerves and bringing refreshing, restful sleep when the business become that it has spread in a low state of health, or sick and worn out with work or worry.

S. S. S. improves the appetite, aids the digestion and reinforces the system, and its good effects are seen almost from the first dose. It acts promptly in cases of chronic dyspepsia, indigestion and all stomach troubles, and does away with the uncomfortable fullness, nausea, shortness of breath, drowsiness and dizziness that so often come after eating.

S. S. S. is not only the best tonic but possesses alterative or purifying properties, and if there is any taint, humor or poison in the blood it earches it out, and removes it. Many times a low state of health is due to a bad condition of the blood and can only be remedied by a blood purifier and tonic combined, or such a remedy as S. S. S. If you suffer from debility, insomnia, nervousness, loss of appetite, bad digestion, or any of the symptoms of a disordered blood, nothing will

so soon put your blood in good condition, invigorate and tone up the system as S. S. S.
